

UNITED STATES DISTRICT COURT  
EASTERN DISTRICT OF NEW YORK

Natosha Dunston,

Plaintiff,

vs.

Foxboro Real Estate Inc, and  
Tenda Asian Bistro Inc,

Defendants.

**COMPLAINT**

Plaintiff, NATOSHA DUNSTON (“Plaintiff”), by her undersigned counsel, hereby files this Complaint and sues Defendants, FOXBORO REAL ESTATE INC. and TENDA ASIAN BISTRO INC (“Defendants”), for injunctive relief pursuant to the Americans with Disabilities Act, 42 U.S.C. § 12181, *et seq.*, (hereinafter the “ADA”) and the ADA’s Accessibility Guidelines, 28 C.F.R. Part 36 (hereinafter the “ADAAG”).

**JURISDICTION**

1. This Court has original jurisdiction over the action pursuant to 28 U.S.C., §§1331 and 1343 for Plaintiff’s claims arising under 42 U.S.C. § 12181. *et seq.*, based upon Defendant’s violations of Title III of the ADA (see also, 28 U.S.C. §§ 2201 and 2202).

2. Plaintiff currently resides in Brooklyn, New York, and is *sui juris*. Plaintiff is a qualified individual with disabilities under the ADA. Plaintiff’s left leg was amputated due to excessive blood clotting in her legs following an adverse reaction to mediations administered during a surgical procedure in September 2015.

3. Defendant, FOXBORO REAL ESTATE INC., is a domestic business corporation and transacts business in the State of New York and within this judicial district. Defendant,

FOXBORO REAL ESTATE INC., is the owner of the real property which is the subject of this action located on or about at 118 Montague Street, Brooklyn, NY 11201 (hereinafter, the “Subject Property” or “Facility”).

4. Defendant, TENDA ASIAN BISTRO INC, is a domestic business corporation and transacts business in the State of New York and within this judicial district. Defendant, TENDA ASIAN BISTRO INC, is the lessee and operator of the business known as SAKETUMI ASIAN BISTRO, located at 118 Montague Street, Brooklyn, NY 11201 (hereinafter, the “Facility”).

5. Plaintiff has visited the Subject Property which forms the basis of this lawsuit around the later part of June 2024, and again on or about September 23, 2024. On both of these occasions, the Plaintiff’s ability to ambulate through the entrance of the Subject Property was constrained, hindered, and thwarted by the structural barriers, to wit; an architectural barrier staircase that descends several metallic steps that is unsafe and impassible for a wheelchair due to the steep level change before the entrance door. This staircase is untraversable, prevented access to the public accommodation, and caused plaintiff to turn back for her safety

6. The Plaintiff plans to return to the Subject Property to avail herself of the goods and services offered to the public at the Subject Property, and thereby determine whether the Subject Property has been made ADA compliant. Plaintiff’s access to the Facility and/or full and equal enjoyment of the goods, services, facilities, privileges, advantages, and/or accommodations offered therein was denied and/or limited because of these disabilities, and Plaintiff will be denied and/or limited in the future unless and until Defendants are compelled to remove the physical barriers to access and ADA violations which exist at the Facility, including but not limited, to those set forth in this Complaint.

7. Plaintiff lives only several miles from the Defendants' Facility, passes by the Defendants' Facility at least once per week when she is doing errands, visiting family and friends throughout the borough, and looking to eat out. Moreover, the Defendants' Facility is in a neighborhood that Plaintiff dines out two to three times per month. Foremost, Plaintiff has dined at, and in, nearly all of the neighboring restaurants surrounding the subject facility that are all without obstructions about twice per month, including but not limited to the Felice Montague, Haagen Dazs, Hanco's, and Chipotle Mexican Grill amongst many others; and thereon affirms that she would dine at the Defendant's restaurant and avail herself of the goods and services offered to the public, were it not for the structural barriers inhibiting his ability to enter the subject facility, in direct contravention of Title III of the ADA and provisions under the ADAAG.

8. The Defendants' Facility is a public accommodation and service establishment, and although required by law to do so, it is not in compliance with the ADA and ADAAG. Plaintiff has visited the Subject Property which forms the basis of this lawsuit and plans to return to the Subject Property to avail himself of the goods and services offered to the public at the Subject Property, and to determine whether the Subject Property has been made ADA compliant. Plaintiff's access to the Facility and/or full and equal enjoyment of the goods, services, facilities, privileges, advantages, and/or accommodations offered therein was denied and/or limited because of these disabilities, and Plaintiff will be denied and/or limited in the future unless and until Defendants are compelled to remove the physical barriers to access and ADA violations which exist at the Facility, including but not limited, to those set forth in this Complaint.

9. Plaintiff has suffered and continues to suffer direct and indirect injury as a result of the ADA violations that exist at the Facility. In this instance, Plaintiff visited the Facility and encountered barriers to access at the Facility, engaged barriers, suffered legal harm and injury, and will continue to suffer legal harm and injury as a result of the illegal barriers to access as set forth herein.

10. Plaintiff visited the Facility and encountered barriers to access at the Facility no less than two times, specifically on or about the third or fourth week of June 2024, and again on or about September 23, 2024, engaged the barrier when approaching the entrance door, wherein Plaintiff encountered an architectural barrier staircase, that the wheelchair could not traverse, thus causing plaintiff to turn back and suffer legal harm and injury thereafter. There was no apparent mechanism for assistance, or other means for traversing said architectural barriers. Plaintiff will continue to suffer legal harm and injury as a result of the illegal barriers to access as set forth in greater detail herein. The Plaintiff will continue to dine out in the neighborhood of the Defendants' subject property; specifically plans to visit this subject property this winter with family and friends for nights out, and holidays and events; and will thereon continue to attempt to access the services and facilities at said premises which have been deprived at all times material.

11. All events giving rise to this lawsuit occurred in the State of New York. Venue is proper in this Court as the premises are located in the Eastern District.

### **FACTUAL ALLEGATIONS AND CLAIM**

12. Plaintiff has attempted to access the Facility, but could not do so without severe hardship, because of her disabilities, and the physical barriers to access and ADA violations that

exist at the Facility, which restrict and/or limit her access to the goods and services offered at the Facility. The ADA violations are more specifically set forth in this Complaint.

**13.** The New York State Human Rights Law provides: (a) “It shall be an unlawful discriminatory practice for any person, being the owner, lessee, proprietor, manager, superintendent, agent or employee of any place of public accommodation.... because of the ... disability ... of any person, directly or indirectly, to refuse, withhold from or deny to such person any of the accommodations, advantages, facilities or privileges thereof ... to the effect that any of the accommodations, advantages, facilities and privileges of any such place shall be refused, withheld from or denied to any person on account of ... disability ... NYS Exec. Law § 296 (2)(a).”

**14.** Plaintiff travels through this neighborhood regularly, has partaken of the services offered in nearly all the surrounding public accommodations, and thereon intends to visit the Facility again in the near future in order to utilize all of the goods and services offered therein but will be unable to do so because of the physical barriers to access, dangerous conditions and ADA violations that exist at the Facility that restrict and/or limit his access to the Facility, including those barriers conditions and ADA violations more specifically set forth in this Complaint.

**15.** Defendants have discriminated against Plaintiff and others with disabilities by denying access to, and full and equal enjoyment of the goods and services of the Facility, as prohibited by 42 U.S.C., § 12182, *et. seq.*, and by failing to remove architectural barriers as required by 42 U.S.C., § 12182(b)(2)(A)(iv), and will continue to discriminate against Plaintiff and others with disabilities unless and until Defendants are compelled to remove all physical

barriers that exist at the Facility, including those specifically set forth herein, and make the Facility accessible to and usable by persons with disabilities, including Plaintiff.

16. Defendants have discriminated against Plaintiff by failing to comply with the above requirements.
